

3+ years of experience in cross-disciplinary design fields, gaining valuable skills in project management, strategic planning, working with collaborators, and interdisciplinary design.

## WORK EXPERIENCE

### BoDE Foundation

Graphic Designer

**New York, NY**

May 2023 - Present

- Designed and illustrated books written by Neil Bhaskar, founder of the BoDE Foundation. Currently in the publication phase.

### Parsons School of Design

Lab Aide

**New York, NY**

August 2023 - Present

- Provided comprehensive technical assistance to lab users, troubleshooting hardware and software issues and ensuring a smooth IT environment. Assisted in the maintenance and upkeep of computer systems and peripherals, ensuring a secure and efficient lab environment.

### Design Associates Inc.

Architect

**Noida, India**

March 2020 – March 2022

- Created and engineered diverse structures within the 70-acre Ram Janma Bhoomi temple complex in North India, collaborating closely with the client committee and a team of consultants. Authorized construction drawings for Phase 1 of the project.
- Developed footfall management systems catering to the needs of over 100,000 daily visitors at the complex. Strategically planned the installation of automated systems and organized queueing facilities. Devised operational plans to seamlessly accommodate the anticipated daily visitor volume.

### AKTU, Lucknow

Publication Designer

**Remote**

August - December 2019

### Literary Society, School of Planning and Architecture

Head

**New Delhi, India**

July 2016 - June 2017

- Organised college-wide quizzes and events throughout the academic year. Drew participation from students and faculty, increasing participation and audience interest 5X from previous years.

### IIT Kanpur

Architectural Consultant

**Kanpur, India**

May - July 2017

## EDUCATION

### Parsons School of Design

Master of Fine Arts, Design and Technology

**New York, NY**

2022 - 2024 (expected)

- Developing a variety of skills in designing, usability, prototyping, testing, and coding. GPA 4.0.
- Featured a project 'Create Your Album Now' discussing capabilities and limits of AI technology in art in the August 2023 issue of the re:D magazine.
- Showcased a video project discussing agency and narrative at the Art, Media, and Technology festival held in Spring 2023.

### Coursera

Google UX Design Certificate

**Remote**

March - May 2022

### School of Planning and Architecture

Bachelor of Architecture, First Division

**New Delhi, India**

2014 - 2019

- Completed an undergraduate thesis consisting of site & user research, design & strategy, and presentation of relevant work to a jury of industry professionals.
